OBJECTIVE

Spreading lighting knowledge and joy.

SKILLS

EOS Software, Vectorworks, Lightwright, basic Augment3d, basic Capture, Microsoft Office, Supervising student crews

TEACHING EXPERIENCE

ADJUNCT PROFESSOR
UNIVERSITY OF PITTSBURGH
Jan 2023-Present
Introduction to Theatre Design: Teach the lighting portion of the intro to design class. Led students through lecture, demonstrations, and projects on the basics of lighting design. Covered topics such as color, angle, movement, lighting instruments, and more.

Supervised a student designer for one production per semester.

PART-TIME VISITING LECTURER IN LIGHTING DESIGN
UNIVERSITY OF PITTSBURGH
Aug 2022-Dec 2022
Introduction to Design: Taught the lighting portion of the intro to design class. Led students through lecture, demonstrations, and projects on the basics of lighting design. Covered topics such as color, angle, movement, lighting instruments, and more.

Mentored student designers for the productions this semester.

VISITING PROFESSOR OF PRACTICE IN LIGHTING DESIGN
UNIVERSITY OF ARIZONA
Aug 2021-May 2022
Classes Taught:

Stage Lighting 1: Taught students the basics of lighting design including light in art, color, qualities and properties of light with use of lecture and demonstrations. This course also included a 1-credit production course.

Advanced Lighting: Led upperclassmen through a complete design process based on their choice of script. The process went through all necessary paperwork and renderings. Utilized Vectorworks, Augment3d, EOS offline software, and Capture to accomplish assignment goals.

Electricity for the Entertainment Technician: Explored the basic and intermediate properties of electricity and the physics behind it. This course is based on knowledge on the ETCP exam to help prepare students who are interested in becoming certified.

Graduate Seminars and Independent Studies: These classes were based on student selected ideas to explore like rendering softwares, website design, and creating road cases.

Production Credits: Supervision of student lighting designers and electricians for each production.

TEACHING ASSISTANT
ALLEGHENY YOUTH DEVELOPMENT
Sept 2020-June 2021
Helped and supervised elementary-aged students with online learning. Made sure the students were in their correct classes, provided lunch, and was a resource when they had questions.

ADJUNCT PROFESSOR
UNIVERSITY OF PITTSBURGH
Aug 2019-May 2020
Introduction to Design: Taught the lighting portion of the intro to design class. Led students through lecture, demonstrations, and projects on the basics of lighting design. Covered topics such as color, angle, movement, lighting instruments, and more.

Supervised a student lead electrician for one production per semester.

ESL TEACHER
HESS INTERNATIONAL--TAIWAN
Sept 2016-June 2017
Taught elementary students English as a second language. Went over vocabulary, led art projects, exercise classes, songs, etc.

GRADUATE TEACHING ASSISTANT
UNVERSITY OF ARIZONA
Aug 2013-May 2016
Taught the Stage Lighting Lab class. Enhanced the lecturers based on a multitude of hands-on projects including hanging and focusing lights, design projects, light board operation.

Supervised the lighting shop.
